

NEW

Model: 1206

The 1206 is a fully adjustable headlight tester that comes with digital luxmeter. The unit comes complete with steel base, aluminum column and visor.

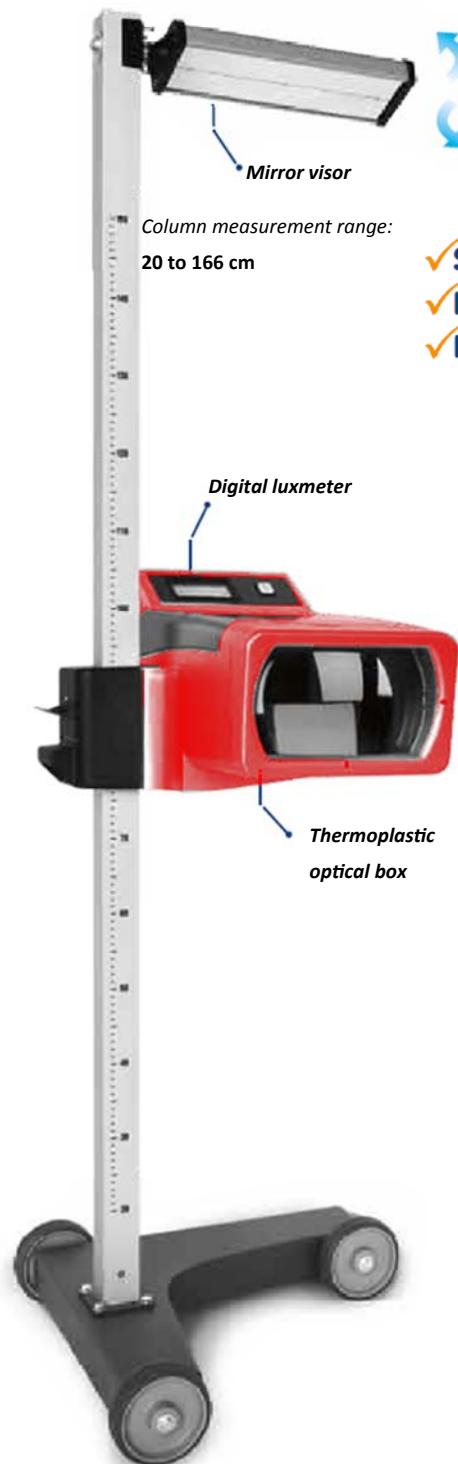

Conforms to the following CE (European Conformity) directives:

- Machinery 2006/42/EC
- Electromagnetic Compatibility 2004/108/EC
- Low Voltage 2006/95/EC

STRUCTURE FEATURES

- Digital luxmeter
- Mirror visor
- Laser pointer aligner
- Sliding system guided by eight wheels
- Plastic injection molded optical box
- Extruded aluminum column
- Steel made base
- RS232 serial connection
(Intensity/Vertical deviation data output)

Intensity Range:	0 ~ 150,000 cd
Vertical deviation:	0 ~ 4% (0~2.29°)
Height measurement	0.20 ~ 1.50 m
Horizontal Orientation:	± 6°
Dimensions: (W x L x H)	580 x 712 x 1810 mm
Weight:	20 kg
Supply Voltage:	9 ~ 12 VDC

Column measurement range:
20 to 166 cm
